Filecoin

A **powerful and dynamic** distributed cloud storage network

Features

Secure
Files

Filecoin provides a continuous record to show that the files have not been tampered with

Transparent
Provenance

Anyone can view check it's immutable information, timestamp, image storage data, and verified edit history

Authentic
Proofs

Content addressing and cryptographic storage proofs to verify data

Verifiable
action

The global Filecoin blockchain verifies proofs and automatically takes corrective action when needed.
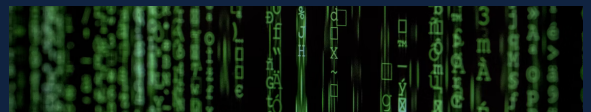

Use Cases

INTERNET ARCHIVE

NFTs

SECURITY ARCHIVE

CONTRACT DATA

WEBSITES

APP DATA

A robust foundation for humanity's information
